ANNEX 1
DESCRIPTION OF THE ACTION

CONTRACT NUMBER : UG1415-057

1 **Summary**

Location and course	The Recipient will be placed inand will follow course
EU language(s) of study
Total duration of the action	12 months out of which at least 10 months of mandatory attendance ¹ of the programme
Objectives of the action	In line with the objective of bringing the Turkish Cypriot community closer to the European Union (EU), this scholarship is granted in order to offer additional educational opportunities to Turkish Cypriots, raising their knowledge in a technical field, whilst providing the experience of living and studying outside the northern part of Cyprus to gain a better understanding of the EU.
Recipient	<i>Full Name:</i> <i>Scholarship Category:</i> <i>Application Number:</i>
Main activities	The beneficiary will study 10 months in an EU Member State's university or equivalent institution of higher education. S/He will undertake the coursework and sit the related exams, if any.

2 **Objectives**

The Recipient will follow the classes and/or engage in research for the chosen course of studies as referred to above. S/he will sit the related exams, carry out required assignments and make the utmost effort to finalize her/his academic year with good results. At the same time the Recipient will experience living outside the northern part of Cyprus and will gain a better understanding of the cultural, socio-economic and political reality of the host country.

3 **Relevance of the Action**

In the present situation, Turkish Cypriots have a restricted access to the European Union programme Socrates and, in particular, the Erasmus action concerning Higher Education. They are worse off than other EU citizens or citizens of candidate countries including Turkey. The reason for this situation is that the government of the Republic of Cyprus does not recognise universities situated in the northern part of Cyprus, in the areas not under the effective control of the government.

However, Turkish Cypriots as individuals are EU citizens and should be able to profit from educational opportunities outside the northern part of Cyprus. This is important as the Turkish Cypriot community has been living in isolation from the rest of the international community (with the exception of Turkey) for a generation or more. The scholarship programme is therefore not addressed to the northern area universities as such, but to the individuals belonging to the Turkish Cypriot community.

¹ If the Recipient fails to provide evidence of the attendance of the programme for the period specified in Article 2.3 of the Special Conditions, the Contracting Authority reserves the right to proportionally reduce the amount of the grant to the time of effective attendance, considering an amount of EURO 1420 per month plus a one-off travel allowance of EURO 800.
