IMPORTANT NOTES

ASSUMPTIONS

The course delivery models below are based on the assumptions that there are no Covid-19 related travel restrictions to the EU country where the educational institution is located and that the scholars can travel freely if they want to.

EXCEPTIONS

A case by case analysis of the situation will be required;

- In the case of arising Covid-19 related travel restrictions in the targeted EU country threatening the scholars' health.
- Covid-19 related visa rejections.
- In the case of any unpredicted situation/case.

DOCUMENTATION

Scholars will have to inform EU Scholarship Program Office of the decisions on their choice of method of following their programmes prior to the preparation of grant contracts.

British Council reserves the right to request any additional supporting document(s) from the scholars to prove their case.
